WINFORM RATINGS CHANGE

Recently we've reprogrammed the Winform Ratings for the artificial tracks at Geelong and Canberra Acton. Both these tracks have been in operation for many meetings, enough to suggest some stability with times run. We have also reprogrammed the Sunshine Coast Cushion Track. Times there are very slow at present so we will have another look once enough meetings have been run there. With Toowoomba to be torn up and replaced with Saturday night meetings on the cushion track at Sunshine Coast it won't take long to accumulate enough data.

MEMBERS NEWS

Hey Troopers,

What about Beeeeeeeeelmont today. 5 winners from 8 races \$2.3, 3.8, 2.8, 18.10, 10.20.

The \$18.10 just blew me away. Top rated with 52.4 Winform Nett that is 11 points higher than the second rated at 41.4 and Wodds at \$1.50.

It was just screaming "Back me Back me," the damn thing was growling at me. I was looking at the tote price in dismay.

Garry, I honestly think we should seriously have singles for ALL of the WA meetings; our overall strength there with the ratings is very very good. Please consider this.

God help the bookies if I can ever get a Money Factory bet big enough for WA, too many bank clearances. One day.

Cheers, Hally.

Dear Winform Team,

Thank you for advising me of my luck in winning a copy of *The Best Australian Horse Racing Systems*. This has come as a big surprise to me in that I have had very few such wins in my time. I can assure you that I will read the book with great interest and will certainly see how these ideas printed match up with my simple systems.

I am a 'Systems' person and would not know one horse from another. I depend on the results of handicappers as shown in the Adelaide Advertiser each Friday.

Although I listen to the radio each Saturday afternoon, out in the shed, I don't bother with my Foxtel inside.

With my simple trifecta system I had a great win on Saturday 2nd August in SA, VIC and NSW. It doesn't happen every week of course, but I have been following this for many years. Trifectas on Races 4, 5 and 6 only. A win in the first state for Race 4 gives me the bank to continue with the system.

Thanks again and my best wishes to you all for providing so much news and information for small punters like myself.

Kind Regards, Graham

Hi Roger,

I am extremely impressed with your book *Handicapping My Way*, particularly the system on page 63. I have never seen one rule increase the number of bets and increase dramatically the profit on turnover-as you suggested in your recent E mail-Congratulations.

Many Thanks, Ron. (Emailed to Roger Biggs regarding his new book *Handicapping My Way* \$99.95)

Dear David,

May I congratulate you on *The Key to Winning Consistently 2*.

I am having a ball with it! I have dabbled with form all of my life and I had a great time with Don Scott's books and The Wizard. I seem to be able to waddle along and make a small profit each year. But when The Wizard closed down I started to lose steadily month after month. I gave up going to the TAB and it was only with waiting for your volume that I realised that they had ratings on the wall – The Wizard Ratings. Eureka! Then along in the post your book arrived. Eureka again! I was excited and spent days and days going over the Unitab Backing and really didn't look at Unitab Laying. Eureka again! You are a man after my own heart. Thank you. I have written across the page 97 "Unitab Laying the worst tipping method I have ever seen 94 BETS 4 WINS 12.10 RETURN." This is what I did with the old Wizard articles – "CULLING OUT THE LOSERS." Thank you. I've only had your book for three Saturdays and I have won three days in a row and I can see the way ahead.

Thanking you again, Graham (Letter to David Bendeich)

We asked our database and are pleased to report that they are still profitable!

BEAT THE PRICE INCREASE

Commencing November 1st we are forced to increase our Ratings Subscription prices. The fact is that most of our costs have gone up. Rather than reduce our prices and try for larger numbers of Subscribers which could reduce dividends, we are instead increasing prices for the first time in nearly eight years. New and existing Subscribers can start or extend their subscriptions now and remain on the old prices for as far ahead as they wish to pay as that will help our cash flow. To renew your subscription or to subscribe before the price rise, you can call our office direct on **(02) 4950 1747** or visit our online bookshop: www.horseracingaustralia.info/bookshop.

SPRING CARNIVAL SUCCESS!

Our Spring Carnival Pack produced a delightful winner at the Caulfield Guineas Day on Saturday 11th October 2008. In Caulfield Race 9 '*Belong to Many*' won at \$22.90. Caulfield was predicted to be tough, so we recommended only value bets in Race 9. In the same race we also scored the First Four, Trifecta, Quinella and Exacta. The First Four paid \$20,000+ on Unitab and the Trifecta worth over \$1800.

HUGE JACKPOT LOTTO SYNDICATE!

Don't miss out on your chance to be a part of our November Jackpot Lotto Syndicate.

The more money we accumulate means the bigger the system we are going to take (At least ten systems 10's.) To join in on our Jackpot Lotto Syndicate simply fill out and send the order form enclosed with the amount you wish to stake.
